Report on the Financial Statements

We have audited the accompanying consolidated financial statements of United Way of Central Indiana, Inc. ("United Way"), which comprise the consolidated statements of financial position as of June 30, 2021 and 2020, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of United Way of Central Indiana, Inc. as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 12, 2021, on our consideration of United Way's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way's internal control over financial reporting and compliance.

1. SUMMARY OF SIGNIFICANT OPERATING POLICIES

- a. Annual Contributions and Designated Pledges: United Way of Central Indiana, Inc. (United Way) conducts annual community engagement fundraising to support local health and human service programs in the priority areas of education, financial stability, health and basic needs. Pledges are generally recorded as without restrictions unless a pledge is specifically restricted due to timing (a future year pledge) or purpose. Grants to community-based organizations (CBO's) approved by the United Way Board of Directors are appropriated from net assets without donor restrictions. In addition, other approved expenditures for the next fiscal year are appropriated from net assets without donor restrictions by the United Way Board of Directors.

United Way allows donors to designate all or part of their contributions. Designations to specific not-for-profit organizations other than United Way are excluded from revenue and expense. Designations are included on the Statement of Financial Position within pledges receivable with related donor designations payable. The costs to generate and distribute designated pledges are recorded as fundraising and management and general expense. Related processing fees deducted from payments to the designated not-for-profit organizations are recorded as service fee income.

Contributions and grants to United Way for specific priorities and/or programs are defined as purpose restrictions and are initially recorded as contributions with donor restrictions. Restricted contributions and grants received and released from restriction within the same fiscal period are recorded as with donor restrictions and released from restriction.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. Basis of Accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).
- b. Basis of Consolidation: The financial statements include the accounts of United Way and UWCI, LLC, a limited liability company of which United Way is the sole member. There are no material intercompany transactions that are required to be eliminated in the consolidation and UWCI, LLC did not have any transactions during the years ended June 30, 2021 or 2020.
- c. Cash and Cash Equivalents: United Way maintains its primary checking accounts and various savings accounts at local banks. During 2021 and 2020, United Way maintained cash balances at financial institutions in excess of the insurance limits provided by the Federal Deposit Insurance Corporation.
- d. Investments: Investments are recorded at fair value based on estimates made by the investment trust administrators using current quoted market prices or the market prices of similar securities.

The various investments in equity securities, mutual funds, bonds, exchange traded funds and other investments are exposed to a variety of uncertainties, including interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of these investments could occur in the near term. Such changes could materially affect the amounts reported in the financial statements.

Investment income includes realized and unrealized gains and losses on investment transactions and interest and dividend income, net of fees.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- e. Pledges Receivable, Discounts, and Allowance: Pledges receivable are recorded net of any allowance for uncollectible pledges. At June 30, 2021 and 2020, there are \$79,000 and \$1,381,833 of pledges receivable extending beyond one year which are recorded at their net present value. A discount rate of 1% was used to estimate the present value of future year receivables for 2021 and 2020. The remaining pledges receivable balance is expected to be collected within the next fiscal year.
- f. Building, Furniture and Equipment and Depreciation: United Way capitalizes all expenditures for building improvements, and furniture and equipment in excess of \$5,000. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. No restrictions exist on any building, furniture, or equipment assets.
- g. Impairment of Long-Lived Assets: In accordance with GAAP, United Way reviews its leasehold improvements, and furniture and equipment for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. No impairment loss was recognized during the years ended June 30, 2021 and 2020.
- h. Net Assets Without Donor Restrictions: Net assets without donor restriction include undesignated and Board-appropriated assets and liabilities of United Way. The Board of Directors appropriates a portion of the net assets without donor restrictions for specific purposes. These funds may only be used based on Board directives. Unappropriated net assets without donor restrictions are subject to a Board-approved net asset reserve policy that United Way maintain a reserve balance equivalent to at least three months of operating and program costs.
- i. Net Assets With Donor Restrictions: Net assets with donor restrictions are those whose use has been limited by donors to a specific time period or purpose or have been restricted by donors to be maintained by United Way in perpetuity.
- j. Donated Services: United Way did not receive any donated services that are reflected in the financial statements in fiscal years 2021 and 2020. A substantial number of volunteers have donated significant amounts of their time in the organization's governance, fund raising, fund distribution, and direct assistance program activities, however, no amounts have been included in the financial statements for these donated services based on GAAP criteria.
- k. Support and Revenue: All contributions are considered available for use without donor restriction unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as with donor restriction support.

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using a discount rate commensurate with the risks involved. Conditional promises to give are not included as support until the conditions are substantially met.

- l. Private and Government Grants: United Way receives private and government grants for various projects and programs. Private grants are recorded as contributions and are administered through United Way as part of the normal course of business. Government grants that are cost reimbursement in nature are recognized as revenue when the eligible expenses are incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- m. Program and Service Fees: United way receives various sales, program, workshop and other administrative service fees throughout the year. Program and service fees revenue is recognized during the period in which the service takes place.
- n. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported period.

Areas where significant estimates are used in the accompanying financial statements include the allowance for pledges receivable, present value of future cash flows, net assets classification, indirect cost allocation, and pension funded status. Actual results could differ from those estimates.

- o. Functional Allocation of Expenses: Expenses have been allocated among program, management and general, and fundraising categories based upon estimates of the benefits received by the various programs and supporting services. Direct expenses related to these respective categories are allocated accordingly. Indirect expenses are allocated based on the headcount within each respective category.
- p. COVID-19 Impact and Paycheck Protection Program Loan: In December 2019, a novel strain of coronavirus (COVID-19) surfaced and spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The operations and business results of the United Way were materially affected by this global pandemic.

As a result, in April 2020, the United Way obtained a forgivable Paycheck Protection Program (PPP) Loan under a program offered by the United States Small Business Administration (SBA) in the amount of \$1,801,162. The loan had a stated interest rate of 1.0%. Based on accounting guidance related to conditional grants (ASC 958-605), the proceeds were recorded as a grant advance liability on the consolidated statement of financial position at June 30, 2020, as United Way had not yet satisfied the forgiveness conditions imposed by the SBA. During the year ending June 30, 2021, United Way met these conditions for forgiveness and received formal forgiveness on March 26, 2021. As a result, United Way has recorded a grant of \$1,801,162 for the year ending June 30, 2021.

The extent to which the coronavirus may impact future contributions and other business activity will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning new strains of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others. In addition, significant estimates disclosed in Note 2, such as fair values of investments, contributions and related expenses, among other things, may be materially adversely impacted by national, state and local events designed to contain the coronavirus.

- q. Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to June 30, 2021 to determine the need for any adjustments or disclosures within the financial statements for the year ended June 30, 2021. Management has performed their analysis through October 12, 2021, the date the report was available to be issued.

5. TAX STATUS

United Way is a nonprofit organization exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code (IRC). UWCI, LLC is a single member LLC whose single member is exempt from federal income taxes under Section 501(c)(3) of the IRC. GAAP requires United Way and UWCI, LLC to recognize a tax liability only if it is more likely than not the tax position would be sustained in a tax examination, with a tax examination being presumed to occur.

The amount recognized is the largest amount of uncertain tax position that is greater than 50% likely of being realized on examination. For tax positions not meeting the more-likely-than-not test, no tax liability is recorded. United Way and UWCI, LLC have examined this issue and have determined there are no material uncertain tax positions.

United Way and UWCI, LLC do not expect the total amount of uncertain tax positions to significantly change in the next 12 months. United Way and UWCI, LLC recognize interest and/or penalties related to income tax matters in income tax expense. United Way and UWCI, LLC did not have any amounts accrued for interest and penalties at June 30, 2021 or 2020.

6. RETIREMENT PLANS

United Way has a noncontributory defined benefit pension plan (DB plan) and a contributory defined contribution plan (DC plan) covering all eligible employees. DB plan benefits are determined by a formula that considers length of service, salary, and the individual's Social Security benefit.

Defined Benefit Plan. In January 2019, United Way amended the DB plan to freeze benefits effective January 18, 2019. The result of the freeze is that current employees still received the benefits they had earned as of January 18, 2019; but no additional future benefits were earned and no new employees were added. United Way terminated the plan effective November 1, 2019. United Way filed Internal Revenue Service (IRS) Form 5310, Application for Determination upon Termination on February 21, 2020 and received IRS determination on August 26, 2020. United Way filed Pension Benefit Guarantee Corporation (PBGC) Form 500, Standard Termination Notice on March 12, 2020. United Way made final contributions in termination of \$1,912,398 to the DB plan for the year ended June 30, 2021. United Way did not contribute to the DB plan for the year ended June 30, 2020.

The DB plan's assets as of June 30, 2020 consisted of investments in money markets. All plan assets are valued at fair value and measured using the fair value hierarchy as disclosed in Note 10. The fair value of money markets is based on quoted prices in active investment markets. (Level 1)

The following table sets forth the DB plan's funded status and the amount recognized in United Way's consolidated statements of financial position in accounts payable and accrued expenses.

Defined Contribution Plan: Effective January 1, 2019, United Way implemented a 401(k) retirement plan in which employees of the United Way are immediately eligible to participate. The 401(k) plan includes a 100% employer match of employee contributions up to 6%. Employees become fully vested in employer contributions after two years of service with 0% vesting prior. Current employees with two or more years of service were fully vested upon commencement of the plan. Total contributions to the 401(k) plan were \$386,570 and \$375,034 for the years ended June 30, 2021 and 2020, respectively.

9. RELATED-PARTY TRANSACTIONS

Due to the size and composition of United Way's Board of Directors, United Way inevitably uses services or purchases products from companies from which there is a board member relationship. These transactions occur in the ordinary course of business as arms-length transactions generally at the same terms available to the public with appropriate internal checks and balances; and involve banking, investments, insurance, legal and other similar activities.

10. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in United Way's principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Accounting standards establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair value of money market funds, U.S. treasury bills, mutual funds, exchange traded funds, and equities is based on quoted prices in active investment markets. (Level 1)

The fair value of certificates of deposit is based on similar investments over the same period at specific rates. Fair values of bonds and U.S. government obligations have inputs that are observable, but not active and are determined by obtaining quoted market prices of similar securities with similar due dates. This valuation method is the market method. The valuation process is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities. 11. ENDOWMENT COMPOSITION

United Way's endowment consists of seven individual donor-restricted funds established for a variety of purposes, one donor-restricted fund that United Way treats as an endowment, and one Board designated quasi-endowment. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law: The Board of Directors of United Way has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, United Way classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

11. ENDOWMENT COMPOSITION (Continued)

The remaining portion of the donor-restricted endowment fund is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA.

In accordance with SPMIFA, United Way considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from the investments
- 6) Other resources of the organization
- 7) The investment policies of the organization

Funds with Deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires United Way to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in net assets with donor restrictions were \$1,277 and \$18,005 as of June 30, 2021 and 2020, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred during the previous years.

Return Objectives and Risk Parameters: United Way has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity, as well as board-designated quasi-endowed funds.

Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to grow the real purchasing power of the principal while providing a growing stream of revenue available for spending. Additionally, there is a donor restriction on the Forever Operating Fund which requires the purchasing power of the fund's principal balance be maintained by annually adjusting the principal balance for inflation or deflation.

Strategies Employed for Achieving Objectives: To satisfy its long-term rate-of-return objectives, United Way relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). United Way targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy: United Way has a policy of appropriating for distribution each year up to 5% of its Forever Operating Fund's calendar year end fair market value to fund operations in the fiscal year beginning the following July 1. Distributions cannot cause the average fair market value of the fund over the prior 12 quarters to fall below inflation adjusted (compounded annually) original principal. In establishing this policy, United Way considered the long-term expected return on its endowment. Accordingly, over the long term, United Way expects the current spending policy to allow its endowment to grow over the annual inflation rate to provide additional real growth through investment return in addition to new gifts.

11. ENDOWMENT COMPOSITION (Continued)

The spending policy is used as a guideline and actual allocation amounts are annual decisions that consider current principal balances, undistributed earnings, and current market and economic conditions. Allocations from the Forever Operating Fund must meet donor-imposed restrictions. Those restrictions require the purchasing power of the fund be maintained by adjusting the principal balance (compounded annually) for inflation or deflation. Should the average fair market value of the fund over the prior 12 quarters be less than inflation adjusted principal, the annual allocation amount cannot exceed 2% of the calendar year end fair market value. If the average fair market value over the prior 12 quarters is less than 80% of the inflation adjusted principal, annual allocations must be reduced to \$0 (within three years) until inflation adjusted principal is restored.

12. LIQUIDITY AND AVAILABILITY

The United Way's financial assets available within one year of the statement of financial position date for general expenditure are as follows:

Financial assets available to meet general expenditures within one year	<u>\$ 73,004,798</u>	<u>\$ 45,944,066</u>

As part of the United Way's liquidity management, the United Way invests its financial assets to be available as its general expenditures, liabilities, and other obligations come due. United Way has a board designated endowment of \$3,466,756 and \$2,179,401 as of June 30, 2021 and 2020, respectively. Although United Way does not intend to spend from its board designated endowment funds other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation process, amounts from its board designated endowment could be made available if necessary. United Way has donor restricted endowment funds of \$127,743,925 and \$99,993,398 as of June 30, 2021 and 2020, respectively, which are subject to the annual spending policy as described in Note 11.

UNITED WAY OF CENTRAL INDIANA, INC.
NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year ended June 30, 2021

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal grant activity of United Way of Central Indiana, Inc., for the year ended June 30, 2021, and is presented on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the consolidated financial statements.

United Way has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Directors
United Way of Central Indiana, Inc.
Indianapolis, Indiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of United Way of Central Indiana, Inc. (United Way), which comprise the consolidated statement of financial position as of June 30, 2021, and the related consolidated statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 12, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered United Way's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the United Way's internal control. Accordingly, we do not express an opinion on the effectiveness of the United Way's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether United Way's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE

The Board of Directors
United Way of Central Indiana, Inc.
Indianapolis, Indiana

Report on Compliance for Each Major Federal Program

We have audited United Way of Central Indiana, Inc.'s (United Way) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of United Way's major federal programs for the year ended June 30, 2021. United Way's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of United Way's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about United Way's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of United Way's compliance.

Opinion on Each Major Federal Program

In our opinion, United Way complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of United Way is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered United Way's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of United Way's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
